

## SPSO decision report

**Case:** 201400316, Scottish Prison Service  
**Sector:** Scottish Government and devolved administration  
**Subject:** transfer to another prison  
**Outcome:** not upheld, no recommendations

### Summary

Mr C, who is a prisoner, complained to us that the Scottish Prison Service (SPS) had failed to transfer him to an appropriate prison.

Our investigation found that the SPS were entitled to hold Mr C in the prison he was currently in, and we did not uphold his complaint. The SPS also told us, however, that they had agreed that Mr C would transfer to a more appropriate prison when a suitable time to do that was identified.
